Award Nomination Form

The more information we have about your nominee's achievement, the better we are able to assess their eligibility for the award. The questions below are to guide your written nomination.

What is the program name or name of the deliverable?

Which cross-functional teams were involved in this effort?

Did the person create an environment of unity? (think approachable, inclusive, accessible, respectful, relationship builder?)

Can you provide examples of how they established goals, shared thoughts and built plans with the team in a candid and clear way?

Did they manage the team successfully through certain challenges? What were the challenges they managed the team through? What would have happened if the challenges were not met?

Did their team deliver on the challenge(s) and what were the results?

Please provide any metrics that you can share that show the degree of and impact of their commitment to the internal or external "customer" or team they serve.
